

# Bosch Motorsport IAC Inductive Speed Sensor

**Brand:** Bosch Motorsport

**Product Code:** BOSIAC

**Availability:** In Stock

**Weight:** 0.10kg

**Dimensions:** 10.00cm x 10.00cm x 2.00cm

**Price: \$129.25**

## Short Description

High reliability inductive sensor, often used for crank angle or engine speed sensing or wheel speed.

## Technical Details

Application	Speed
Max Frequency	<15khz
Target Air Gap	0.8 +/-0.3mm
Operating temp range	-40C to 130C
Storage temperature	-40C to 100C
Max vibration	800m/sec <sup>2</sup> max 80h

Magnetic Pole	Round
Bore diameter	18mm
Tightening torque	8Nm
Weight w/o	40g

wire  
Installation depth 33mm
