

Competition Tyre Warmers with thermostatic LED control

Brand: ORECA
Product Code: ORE8TO3169_ALED
Weight: 5.00kg
Dimensions: 70.00cm x 70.00cm x 30.00cm

Price: \$2,400.00

Short Description

Redspec by ORECA tyre warmers with thermostat control and an LED indicator to show when they have achieved the preset temperature.

Description

Made of tough, waterproof polyamide material with a transparent document pocket and side cover to close the wheel in completely.

This thermostat version comes with an LED indicator that turns off when the tyre surface reaches 80C.

Time taken to achieve 80C is about 35 minutes depending on the ambient conditions. In warmer conditions it may be shorter.

Sold as a set of four.
