Availability: 7 Days

Weight: 4.00kg

Dimensions: 50.00cm x 40.00cm x
20.00cm

Price: \$2,975.01

Short Description

Using Jenvey's TB series DCOE throttle bodies, this ITB kit combines awesome performance with excellent drivability and reliability.

Description

Suits all Holden Blue and Black 6 cylinder engines with the 12 port head. Or Red motors that have been retrofitted with the 12 port head. Come with 45mm TB series throttle bodies which are capable of supporting nearly 400HP although 48mm can be ordered at no extra cost. This will raise the limit to approx 450HP. 50mm can be used but significant manifold porting is required at extra cost.

Kit Contents

- TB45 DCOE Triple Set throttle bodies
- Aussiespeed DCOE inlet manifold
- 90mm long air horns
- Fuel rails with -6JIC fittings.
- Linkages
